BANK, GAS CO., join in heating PLAN CAMPAIGN

Cooperating with local gas appliance dealers, the major gas companies of Southern California are putting on an intensive newspaper advertising campaign throughout this section of the state. Approximately 200 daily and weekly newspapers will be used to tell of the special advantages offered to install gas heating equipment at this time. Further cooperation is being given through Bank of America's widely advertised "Timeplan," according to E. A. Mattison, vice president in charge of the bank's installment loan department.

"Under title one of the Federal Housing Act, Bank of America is making low-cost loans available to purchasers of gas furnaces under this plan," said Mattison. "Briefly it is: No down payment; no monthly payment until October; no carrying charges until September 1; three years in which to pay, with minimum monthly payment of \$3. You contact your local dealer, select the type of furnace which fits your needs and your pocket-book. The furnace is installed now, but you don't begin to make any payments until you begin to need your furnace in October. Payments will be made at a convenient branch of the Bank of America."

Compton Woman Wins Award

To Mrs. Roy Olsen, 503 North Chester avenue, Compton, goes a Certificate of Recipe Endorsement by Better Homes and Gardens, a nationally known magazine, for her recipe, "Fruit Delight."

In awarding these certificates it is the magazine's aim to provide proper recognition for the creative work done by women in their own kitchens, and also to raise the standard of accuracy and dependability of recipes as a whole. No other magazine or institution gives this personal recognition and service to its subscribers.

Mrs. Olsen's endorsed recipe follows:

- Fruit Delight**
20 marshmallows
1 tablespoon unflavored gelatin
2 tablespoons pineapple juice
1 package soft spreading cream cheese
10 maraschino cherries, cut fine
1 small can (No. 1 flat) crushed pineapple
1 tablespoon sugar
1 cup heavy cream, whipped
Method: Melt the marshmallows in the top of a double boiler. Soak the gelatin in the pineapple juice for 5 minutes and dissolve over hot water. Mash the cheese and add the pineapple, cherries, gelatin and sugar and melted marshmallows. Fold in the whipped cream. Freeze in an automatic refrigerator about 3 hours. Serve in sherbet glasses topped with a maraschino cherry.
Serves 6 to 8.

Work Advances on School Addition

Rapid progress on the erection of the new classroom unit at Narbonne high school is being made. Steel framework is up, and preparations are being made for the cement work. The new unit extends north and south at the west side of the patio, and will increase the capacity of the school which is now overcrowded. The building will be two stories in height, with classrooms, rest room and other quarters, and conforms in architecture to the main building. The addition to the physical education quarters, located on the north side of the main building, is already in advanced stages of completion. It is expected that the new addition will be ready for use in September.

RECREATION Department Notes

"Day in and day out for years I have traded at Grubb's Market, and I yet have to experience the disappointment and irritation of an inferior piece of meat. Always the steaks I buy are so tender and juicy. And roasts... always cut just the way I want them, with no excess fat or bone... and they are consistently tasty and appetizing."
